CHURCHILL PARISH VILLAGE SHOW 9th SEPTEMBER

Down on the Allotments

Allotment Holders have been once again working hard to tame their plots from weeds by using weed suppressant material to cover their plots and growing through small holes cuts into the material to grow their crops – less time spent weeding – great news. Making raised beds from recycled wood also seems very popular this season to grow their crops in, these new innovated ways seems to be very popular as allotment holders pass on to others their new ideas.

Lots of growers have been taking advantage of the use of poly-tunnels being approved by the committee expanding what can be grown with the help of these tunnels adding tomatoes, cucumbers, chilies, pepper, salad items, there is even a few allotment holders growing melons and figs as a more unusual exotic crop. We look forward to the allotment holders having some good produce on display at the Village Show this year held on the 9th September.

On the social side of things, the allotments held their first barbecue of the season on 1st May, being the first barbecue we invited ‘Jackie Bush’ Chair of the Parish Council to formally open the community area and the flower garden around it, which was built in memory of a very Special lady *Mrs. Heather Hodges*, this event was made even more special when Heather’s husband,

CHURCHILL PARISH VILLAGE SHOW 9th SEPTEMBER

children and grandchildren turned up to see the garden and join in the event.

Although the weather decided to throw all it had at us on the day, Allotment holders are a hardy bunch and just laughed in the face of the passing thunder storm, the black sky's emptying its clouds of its contents plus a little hail thrown in for good measure, we took temporary cover in the marque and the sun parasols, and carried on eating, drinking and chatting until the sun came out again. A good time was had by all and I know new friendships were made amongst like-minded people; we are looking forward to another community barbecue this summer.
