Minutes of the Parish Council Meeting on 9th October 2023

Prior to the meeting the Banwell Bypass team provided an update on the project.

The project team are awaiting the inspectors report from the public inquiry. They are continuing to liaise with landowners. They have provisionally planned to begin construction in November. There will be direct engagement with properties who are affected by the project but there will not be further consultation, only the Parish Council regarding street furniture and village gateway design. There are no changes to the proposed speed limits.

The team presented the parish council's concerns but the decision to keep the speed limits the same were made by Highways and Transport at North Somerset Council. They will not be adding a crossing at Hilliers Lane for the children to cross to the bus stop. They have propped that they walk to Skinners Lane where there will be a larger bus stop for children to wait. It will take two years to build the road.

23/FC10H To consider the following applications-Please note that Applications received after this Agenda is published may be considered if comments are needed before the next meeting.

Planning application number	Location	Proposal
23/P/1930/NMA	Winston Hotel Bristol Road Churchill BS25 5NL	Nonmaterial amendment to application 22/P/1197/FUL (erection of 5no. dwelling houses with associated hard/soft landscape works) to allow for a change in materials to the front elevation of dwellings from natural stone to reconstructed stone. It was resolved to object to this nonmaterial amendment. The stone should be in keeping with the old Manor as natural stone has a randomness of shape and colour is a collection of hues which are very obviously different from reconstituted stone which presents a more regular pattern and uniformity of colour.

The clerk will also ask the management committees of the area if they would put up notice boards to inform residents of activities taking place in the parish.
